talking about despite the explanations and buzzwords i took the liberty to include numerous example scenarios and an ideal response for each the best practice is dissecting these questions and their responses and learning the main concept behind each question you will notice the frame of thinking understand the principle and recognize the lingo necessary to effectively answer each mmi question this is how you build confidence i have also included chapters on the role playing station the teamwork station the typing writing station and a chapter filled with example scenarios you may practice on your own after reading through this ebook you will be poised to attend any multiple mini interview and answer any mmi related question effectively i am 100 confident in this statement
